Where Are We?

The Law Library is located on four floors of the School of Law building. It features:

- A fourth-floor reading room with natural light, open seating, and table outlets.
- Quiet study areas and a variety of seating.
- A reference desk staffed by dual degree law librarians.
- Instructional classrooms for library trainings.
- Cubicles for private study.

Who Are We?

Law librarians are a tremendous resource. In addition to providing help with legal research and digital resources, library faculty with law degrees teach experiential upper-level courses including Advanced Legal Research, North Carolina Legal Research, Law Practice Technologies, and more. Law librarians also visit journals, clinics, and doctrinal classes to discuss researching specific legal topics.
